

I don't have a definitive date for that area. I may know more this afternoon and will include that in my weekly update to the group.

Thank you.

Do you know when they are scheduled to pour in front of our building? The brick repair contractor wants to remove the jack hammered brick and address the underlying jackhammered broken pieces and flash it prior to the sidewalk being poured. I told him I would let him know the proposed schedule today.

Thank You!

Attached is a scanned copy of the original contract containing the bond information you had requested. Please let me know if you need anything else.

Good Afternoon,

I'm writing in follow up to my previous email requesting a copy of the bond for the downtown sidewalk project. Is there someone else I should contact for a copy of this bond?

Thank You!
